### **Suggested title: Relocate Global celebrates excellence in global mobility and talent management**

The winners of global mobility's biggest accolades, *Think Global People and Relocate Awards 2024*, were announced on Thursday 6<sup>th</sup> June, at a glittering awards ceremony held at 2 Temple Place, London.

*Think Global People and Relocate Awards* celebrated innovation and success demonstrated by organisations working in the fast-expanding and evolving international community of global mobility, relocation, international management, employee well-being and business travel.

### **Celebrating forward-thinking approaches to international relocation and people management**

This year's awards showcased novel approaches to overcoming challenges and embracing opportunities presented by the ever-evolving nature of our globally connected world. Entrants demonstrated their contributions to best practices and tailored, best-fit solutions to the needs of a global workforce in 2024.

BBC broadcaster and BAFTA-nominated journalist Jayne Constantinis hosted the awards ceremony alongside Fiona Murchie, founder of Kent-based company, Relocate Global.

"I'm delighted to host this awards ceremony," said Jayne Constantinis. "The Relocate Awards have built up an enviable reputation for celebrating innovative and dynamic approaches to challenges and opportunities presented by today's Global Mobility sector. The winners and highly commended entrants are doing just that."

### **Celebrating excellence in global mobility**

The standard of entries was particularly high this year, with a record number of entries being received in several categories. The judges were particularly impressed with the integration of technology in mobility management and the adoption of policies, which demonstrated flexibility, agility, and adaptability while balancing their global workforce's diverse lifestyles and preferences, aligning with business objectives and shifting economic and policy environments.

The judges were impressed with the focus on environmental, social and governance issues, the emphasis on diversity, equity and inclusion initiatives along with sustainability and social responsibility.

## Leading the field and breaking boundaries

“People have always been at the heart of our sector”, said *Relocate Global*'s managing editor, Fiona Murchie, “It is inspiring to see that along with striving for, and achieving excellence, all our award winners are embracing opportunities and focusing on creating diverse, skilled and well-support people.”

Widely regarded as among the most coveted in the relocation and global mobility sphere, the *Think Global People and Relocate Awards* cover every aspect of the global mobility supply chain: from HR and global mobility policy and procedure, international leadership, technology and analytics, immigration and taxation, finance and banking, business travel, education and schools, removals, partner and family support, health and wellbeing, serviced apartments, to residential and commercial property

The Think Global People and Relocate Awards Supplement 2024 shares details and examples from the winning international leadership and mobility management entries. These examples demonstrate best practices worthy of benchmarking, along with tailored solutions that are proving exceptionally effective in practice.
